Reflections

With **Simonton** you're not only getting the ideal window for you and your home, you're also getting the peace of mind that comes from over **65 years of experience.**

Legendary Customer Satisfaction

Simonton was ranked "Highest in Customer Satisfaction with Windows and Doors, Three Years in a Row."

(Customer Satisfaction: 2011 and 2012)

The Simonton Brand

We handcrafted our very first products in **1946** when gas was only 15 cents a gallon, the electric dryer was first sold and Dean Martin was just starting his career. Since then a lot has changed, including our products, but our standards for quality haven't budged.

Throughout the years, Simonton® has developed and perfected innovative, energy-efficient solutions that our customers have come to trust. Today, our legacy of customer loyalty and satisfaction is second to none.

Our **Reflections® 5500 premium vinyl replacement windows and doors** provide a wide variety of options to ensure that you can find the perfect custom styling solution for your home. With industry-leading energy efficiency, weather resistance and quality, they provide unsurpassed reliability over the long haul. And to top it off, each Reflections 5500 window is custom built specifically for your home, delivered quickly and backed by our **Double-Lifetime Limited Warranty.**

DOUBLE HUNG

For a timeless look, choose the Double Hung, which is popular in Victorian, Craftsman and Colonial architecture. Both sash on Double Hung windows slide up and down vertically.

- The exclusive Simonton Sill® is triple-stepped and sloped to move water quickly away from your home and to help prevent air infiltration
- Tilt-in/lift-out sash makes cleaning easy from the inside
- The easy-glide sash and balance system allow the sash to raise and lower with ease
- Simonton's patented Lap-Lok® meeting rail helps provide a tight seal for protection against the elements and increased energy efficiency
- Unique Denny Clip™ pivot system keeps sash in perfect alignment for easy operation

SLIDER

Slider windows glide horizontally from side to side. Available in a 2- or 3-lite configuration, 3-lite Sliders have operable end vents. They are perfect for replacing large Picture windows to gain ventilation.

- Corrosion-resistant* rollers and roller track provide a lifetime of easy operation
- Interlocking meeting stiles create a tight seal against the elements
- Lift-out sash can be removed for easy cleaning and maintenance

CASEMENT

The Casement features a hinged sash that opens outward. If you are looking for optimum ventilation and a wide-open view, the Casement is the perfect choice. Casements are the second most energy-efficient style available for your home.

- Casements crank outward for maximum ventilation and easy cleaning
- Optional folding crank handle allows for easy and convenient operation
- Advanced locking system secures sash at multiple points with one, easy-to-use handle

GEOMETRIC

Customize the look of your home with a stunning Geometric window. The dramatic options provide a contemporary look that will enhance any home.

- Select from a variety of optional grid patterns to create a unique look
- Available styles in Half-round, Quarter-round, Eyebrow, Circle, Octagon, Trapezoid, Pentagon and Hexagon

GARDEN

A Garden Window can bring a little bit of the outdoors in year-round.

- Two side windows can be opened or closed with the simple turn of a crank
- Seat boards are available in white pine laminate or wood veneer in either oak or birch and can be painted or stained
- Top-sloping insulating glass unit tempered for breakage resistance
- Sill cover resists water penetration
- Multi-point, single-lever locking system for added security
- Corrosion-resistant* hardware provides a lifetime of smooth operation.

BOW

A Bow window features windows mullered at 10-degree angles, which creates a rounded, more circular appearance than a bay.

- Bow windows feature 3-, 4- or 5-unit designs
- Equal-sized Double Hung or Casement windows can be used to create a Bow window with excellent ventilation
- Ideal for large window openings
- Head and seat boards in oak or birch veneer can be painted or stained to match the interior of your home

BAY

Open up your home and bring the outside in with the addition of a Bay window. The dramatic look of a Bay creates a special nook and adds dimension to any room.

- Bay windows feature either Double Hung or Casement windows on each side of a center Picture window
- Available in either 30- or 45-degree angles
- Ideal for larger openings
- Head and seat boards in oak or birch veneer can be painted or stained to match the interior of your home
- Insulated seat boards provide increased thermal efficiency

PATIO DOOR

Redefine your living space with a Reflections 5500 Patio Door. Large glass areas open up a room while allowing easy access to the outside.

- Fusion-welded frame provides strength and thermal efficiency
- Double-strength tempered glass for increased safety
- Corrosion-resistant* rollers allow door to open and close smoothly
- Color-coordinated handle options to match your style
- Exterior keyed lock for maximum security
- Foot bolt for partial ventilation
- Sidelites and transoms available for added light and character

GARDEN DOOR

With a Garden Door you can create an elegant entryway for your home and achieve a greater sense of security.

- Continuous, fixed-gear hinge eliminates panel sag and increases weatherability
- Thick, high-performance weatherstripping
- 7/8 inch tempered insulating glass unit for greater thermal efficiency
- Available in center-hinge and French-hinge styles that swing in or out
- Solid brass handle with center bolt and keyed lock for increased safety
- Available with a white or tan interior and exterior

2 Choose your style options.

With Simonton®, finding the perfect match just got a lot easier. Every Simonton Reflections® 5500 window can be ordered with Decorum®, a portfolio of popular exterior and interior colors, rich authentic interior woodgrain laminates and popular hardware options designed to match metal finishes unique to your home.

Myth - If I replace my old windows with vinyl instead of wood, they won't match my cabinets or trim.

Actually, Simonton offers warm, realistic woodgrain interiors, including Antique Cherry, Maple or Contemporary Oak to match your cabinets and the other wood within your house perfectly. In fact, many people find it hard to tell that it's actually vinyl.

Mark & Karen's Style

Mark and Karen have been gradually updating their home over the last couple years and the next step is to replace their old windows. They prefer vinyl because they want to increase their home's energy efficiency, but they would also like the new windows to match their home's cabinetry, hardware and faucetry.

With Reflections 5500 windows and Decorum, Mark and Karen can choose an exterior color to match the outside of their home and our Antique Cherry woodgrain interior to match their cabinetry. They can also select Brushed Nickel locks to coordinate with their cabinets and their new Moen® faucet.

Whether you want to match your home's current style or change it entirely, the right style selections can go a long way. Choose from the options below to design your ideal window or door.

Quality Insulation

Do you worry about condensation in your windows during the colder months of the year? Simonton Reflections 5500 windows help reduce temperature conduction and the potential for condensation. Our sealed, insulating glass units are set $\frac{3}{4}$ inch into the sash, providing extra insulation to keep the glass warmer.

Reflections 5500 comes standard with features that help **keep unwanted weather out:**

Our patented **Lap-Lok® meeting rail** overlaps and interlocks the sash to create a tight seal that virtually eliminates air and water infiltration

The **Intercept® spacer system's unique U-shaped design** keeps glass warmer for increased efficiency and comfort, while flexing and contracting to reduce seal failure

Our exclusive **triple-stepped, sloped Simonton Sill®** forces water away from the window more quickly than flat, conventional sills to help protect your home from water infiltration, even in heavy rain

ProSolar® Low E Glass with an Argon gas fill reduces temperature transfer to help lower energy costs and keep your home comfortable all year long. It also helps block ultraviolet rays that can fade carpet, photos and furniture.

Can be ordered to meet **ENERGY STAR®** guidelines for any region of the country, no matter where you live

Reflections 5500 makes taking care of windows **simple**:

Grids located between the two pieces of glass eliminate the need to dust or clean window grids

Operable sash that tilt and lift out allow you to clean both sides of the window quickly and easily, from inside your home

Reflections 5500 windows and doors **remain low maintenance** over time because they don't require regular painting and do not rot, flake, peel or chip like wood windows.

When it comes to Simonton,[®] the **quality** is in the details:

A **contoured lift rail** is actually molded into the sash to provide lifetime durability

A **stainless steel constant force coil spring balance system**, allows you to easily move the window sash to any desired position, even after years of use

Our unique **Denny Clip™ pivot system** helps to maintain perfect sash alignment on Double Hung windows

Fusion-welded construction bonds each corner together to create a rigid, one-piece frame that offers reliable strength and durability

Every window that Simonton builds is **AAMA Gold certified**, which means that it has passed stringent tests for air leakage, water infiltration and wind pressure
